HEINRICH KONIG & CO is widely regarded as the market leader in the Touch-up & Repair Market. This reputation has been built over 100 years of supplying and developing new and innovative products to customers in many different countries working within a variety of industries.

KONIG UK have been the sole UK agent since 2001. In that time we have gained a wealth of experience in a range of different industries where touch up and repair products are of paramount importance. We work with many of the major UK companies within the Window, Furniture, Kitchen, Flooring, Housebuilder, Stone, Car and Boat markets.

Understanding the Konig Colour Range

All Konig Colours fall into one of two categories: Standard or Special

Standard Colours

These are detailed on the Konig Standard Colour Charts. The standard colours comprise of general wood tones and solid colours that are always in demand for repairs. Availability of standard colours varies across the product range. Please refer to the Standard Shades—Product Availability section.

Special Colours

These are colours that have been specifically matched by Konig on request of a customer. Konig already have special colour matches for most RAL, Egger, Kronospan & Renolit colours. We are unable to include all of these in the brochure as there are so many colour matches. Please contact the office for more information.

Colour Matches

If you are unsure on what colour you need, you can send us a surface sample. This will be looked at by our technical team and advice will be given on colours/products that are appropriate. We ideally would need an A4 sized sample to get the best results.

Standard Shades— Product Availability

See below table of stock held standard colour across the product range and mixed set in fillers. Please use the colour charts as a guide only. We cannot guarantee exact colour likeness.

Fillers

Our range of fillers have been designed for various types of damage on a wide range of materials. These are all made from high quality raw materials and are suitable for use on natural and artificial substrates.

All colours can be intermixed allowing you increased flexibility when trying to match colours.

Konig fillers are designed to be used in conjunction with our touch up materials and aerosols.

Duo-Royale

A rub in filler used to repair hairline scratches on artificial surfaces i.e. melamine faced chipboard. Over 10 colours available in stock from the Konig standard colour range.

Order Code	Description	Unit of Sale	List Price
KO131	Standard Colours—see pages 4-6	1 x 4cm Stick	£2.99
KO131910	Set 910 Mixed Colours—see below for colour chart	Set of 10 x 4cm sticks	£32.64

Softwax

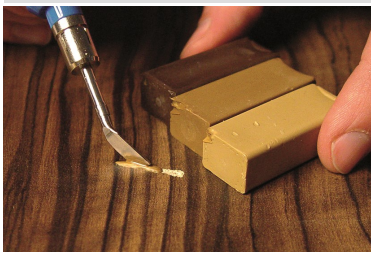

Ideal for filling pin holes and damaged edges. Can be used on natural timber or artificial surfaces. Colour matches also available for Egger and Kronospan MFC's and the RAL colour range.

Order Code	Description	Unit of Sale	List Price
KO140	Standard Colours—see pages 4-6	Per box (10 x 8cm sticks)	£15.02

KO141130	Mixed Set 130 Wood Colours	Per Box (40 x 4cm sticks)	£55.76

Ceramic Filler

A very hard filler designed to repair scratches, holes and edge damage on ceramic wall and floor tiles. Suitable for use in interior and exterior areas. Melt and fill then level with the Special Ceramic Filler Applicator.

Order Code	Description	Unit of Sale	List Price
KO149775	Mixed Set—20 colours	Per box (20 x 4cm sticks)	£66.07

Aqua Wood Filler

Coloured one component filler ideal for filling small cracks and open joints. Can be used on untreated/stained veneer and solid woods, laminate and MDF's. Available in 150gm tubes

Order Code	Description	Unit of Sale	List Price
KOA155	Standard Colours—see pages 4-6	150g tube	£12.47

Rex Lith Filler

A two component filler with very little shrinkage, designed to withstand constant heavy use. It is ideal for major repairs such as rebuilding corners, cut outs for fittings and break out from screws. Each pack contains filler, hardener, plastic film and a mixing applicator which can be purchased separately thereafter.

Order Code	Description	Unit of Sale	List Price
KO1503	Rex Lith Duo—Wood & White	2 x 100ml tubes	£24.20
KO151-KO155	Rex Lith—Transparent, Wood, White, Black	100ml tube	From £18.23
KO151 & KO153	Rex Lith—Transparent (750G) & White (1Kg)	Tin	From £46.52

Touch Up Materials

Konig touch up materials are designed for use with all Konig fillers and can be over coated with Konig Aerosols. All colours are intermixable and have short drying times. These are designed to be used on both natural and artificial surfaces and have excellent wipe and water resistance.

Felt Touch-Up Dye Pen

Quick drying light fast translucent dye in a refillable pen. Easy to use and available in over fifty shades. Ideal for repairing small scuff marks and edge damage or touching in worn or abraded areas. Refillable with Konig 220 Dyes. Spare tips are also available.

Order Code	Description	Unit of Sale	List Price
KO210	Standard Colours—see pages 4-6	1 pen	£7.19
KO210110S	Set 110 Wood Colours	Set of 10 pens	£68.27

Touch-Up Dye Pots

Quick drying, light fast range of translucent dyes providing an alternative to pens where brush application is preferred to achieve a more accurate grain pattern. Can also be used to colour Rex-Lith filler and polyester filling lacquer.

Order Code	Description	Unit of Sale	List Price
KO220	Standard Colours—see pages 4-6	1 bottle	£7.14
KO220110S	Set 110 Wood Colours	Set of 10 bottles	£67.68

Felt Dye Graining Pen

A slim-line dye pen using a long, fine paint brush style tip for delicate and effective grain work. This pen gives a consistent supply of colour, without having to apply pressure.

Order Code	Description	Unit of Sale	List Price
KO205	Colours 01—15	1 pen	£4.67
KO205110	Set 110 Wood Tones, Colours 01—10	Set of 10 Pens	£39.93

Touch-Up Paint Box

Special colour pigments bound in resin. Soluble with cellulose thinner KO710. A versatile and easy to mix touch-up palette. Contents include colours 917-red, 919-blue, 915-yellow, 9005-black, 9010-white and wood colours 110, 201, 141, 121, 104, 164, 114. A vial of KO710 thinner, 1 plastic film and #2 brush.

Order Code	Description	Unit of Sale	List Price
KO250	Touch-Up Paint Box	1 Set	£37.49

Colour Touch-Up Pots

A pigmented, weather resistant touch-up lacquer applied by brush. Ideal for base colour work and laminated surfaces. Can be used as an alternative to the colour edging pens when there is a larger area to cover

Order Code	Description	Unit of Sale	List Price
KO240	Standard Colours—see pages 4-6	1 pot	£10.19
KO240118	Set 110 Wood Tones,	Set of 10 Pots	£81.77

Cleaning & Maintenance

Dulling Powder

Dulling Powder is ideal to use as a matting agent to reduce sheen on repaired areas. It should be applied using an abrasive pad and sealed with Konig special repair lacquer.

Order Code	Description	Unit of Sale	List Price
KO410	Dulling Powder	1 x 100g pot	£7.05

Universal Maintenance Lacquer

A multi purpose, quick drying clear lacquer. Suitable for exterior use, providing a water repellent protective coating on PVCU or foiled surfaces. Apply using the maintenance sponge for even application. The heavier the application the higher the sheen level.

Order Code	Description	Unit of Sale	List Price
KO514	Maintenance Lacquer	1 x 250ml bottle	£12.90

Polishing Paste

To polish out fine streaks and abrasions on gloss surfaces. This product does not leave any residue and is ideal as a finishing product on un-foiled UPVC to adjust the sheen level on repaired areas. Wrap a lint free cotton cloth around our felt pad, apply a small amount of the polishing paste and rub into the profile lengthways. The more pressure you apply, the higher the gloss finish.

Order Code	Description	Unit of Sale	List Price
KO655250	Polishing Paste	1 x 250ml bottle	£14.32

Furniture Cleaner

Designed for use on all artificial surfaces such as melamine, paper and vinyl foils. It will remove grease or dirt leaving a streak free finish

Order Code	Description	Unit of Sale	List Price
KO542100	Furniture Cleaner	1 x 150ml bottle	£6.09
KO5421000	Furniture Cleaner	1 x 1000ml tin	£35.53

Furniture Reviver

This cleaner has been designed for all nitro-cellulose based lacquered surfaces. Removes grease or dirt while rejuvenating the original lacquer to give a factory finished effect.

Order Code	Description	Unit of Sale	List Price
KO543150	Furniture Reviver	1 x 150ml bottle	£8.10
KO5431000	Furniture Reviver	1 x 1000ml tin	£36.29

Cellulose Thinner

For thinning of touch-up products. Can also be used as a brush cleaner. This thinner has a slow evaporation rate giving a longer working time compared to conventional thinners.

Order Code	Description	Unit of Sale	List Price
KO710150	Cellulose Thinner	1 x 150ml bottle	£4.58
KO7101000	Cellulose Thinner	1 x 1000ml tin	£12.95

Liquid Sandpaper

To degrease surfaces prior to repair. Can also be used to carefully remove residues of filler post repair and tone down heavy application of touch-up products.

Order Code	Description	Unit of Sale	List Price
KO711150	Cellulose Thinner	1 x 150ml bottle	£5.72
KO7111000	Cellulose Thinner	1 x 1000ml tin	£12.95

Tools & Accessories

Special Applicator

Order Code

KO161500

List Price

£7.68

This unique tool allows you to apply and remove surplus soft wax as well as removing excess hard wax using the planer grooves without damaging the surrounding area. The tool includes a cleaning comb to remove filler from grooves which in turn houses the coarse sanding pad and fine polishing cloth.

Replacement Blade

Order Code

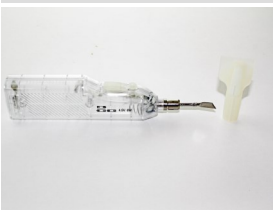

KO439BLADE

List Price

£34.19

Standard replacement blade as originally supplied with Gas Heating Iron.

Battery Heating Iron

Order Code

KO438620

List Price

£36

This tool uses 3 x AA batteries and comes with a simple on/off switch and safety catch to ensure it cannot be turned on when not in use. Can be used to process all Konig meltable fillers.

Gas Heating Iron

Order Code

KO439COMP

List Price

£83.67

A mobile butane gas operated melting tool designed to process all meltable fillers. The gas heating iron has a control on the bottom allowing you to make fine adjustments to temperature to suit each type of filler and your surroundings. The tool is supplied empty and will require high quality butane

Order Code
KO290
List Price
£4.09

Set of 10 spare tips for Ko210 Felt Touch Up Dye Pen

Polyester Lacquered Surfaces

Polyester gloss surfaces tend to be found on products such as grand pianos and yacht interiors. They are very durable and hardwearing but damage can happen to these types of products. Fortunately, Konig have a very effective range of products suitable for the repair of polyester based high gloss surfaces.

Polyester Lacquer

A permanent and hard wearing 2 part semi transparent, medium viscosity filler for high gloss Polyester coated surfaces (Piano, Musical Instruments & Marine surfaces). With a minimum cure time of 3 hours this product is ideal for repairing chips & scratches, levelling pressure marks and repairing edge and corner damage. The lacquer can be used in its transparent form or pre coloured to match different base shades by adding our Touch-up dyes. The finished repair is very durable, resistant to UV light and will not shrink back over time. Any final sheen adjustments can be achieved by applying polishing paste

Order Code	Description	Unit of Sale	List Price
KO641100	Polyester Lacquer Kit	100ml, 10g hardener, cups & spatulas	£39.79
KO6411000	Polyester Lacquer	1000ml & 50g hardener	£52.35
